

CLUB ENVIRONMENT PROGRAMME

STAGE 1 – ADVICE

Introductory site visits – advice and Summary Environmental Reports (SERs) on existing habitats, management practices, legislation and recommendations for improvements and cost savings

STAGE 2 – PROJECTS

Follow up visits – assisting clubs to implement improvement projects, assisting with habitat, species and landscape surveys, sustainable drainage, waste, water and energy audits, grants and environmental training

STAGE 3 – PLANNING

Assistance in preparing a Club Environmental Policy and an Integrated Management Plan.
New Development and Planning Advice

STAGE 4 – RECOGNITION

Scottish Golf Environment Certificates
