

## **08/02/10 Appeal for re-usable tree guards**

It is now the time of year to be tree planting in Scotland. If any Club has an excess of tree guards that are either unused or able to be re-used please contact SGEG and we will arrange for them to be distributed to a club experiencing a shortage of guards in your area. For a more in depth tree planting guide please refer to the 'Tree Planting Guide' attached.
